MATERIAL FACT

Companhia de Saneamento do Paraná – Sanepar in compliance with the provisions of CVM Instruction No. 358/2002 and continuing to disclose the information related to the tariff adjustments of 2020, communicates to its shareholders, investors and the market at large that the Government of Paraná sent a note to the press informing that it will request the suspension of the water and sewage tariff readjustment authorized by the Regulatory Agency of Public Services of Paraná Agency “Agepar”, that would take effect from November.

The request will be forwarded to Agepar by the State Attorney General's Office arguing that the readjustment compromises the domestic budget of a large part of the population, which already lives with the drop in income due to the adverse effects of the new coronavirus pandemic on the labor market and also because of the water calamity.
